Environmental Changes – Leadership Challenges

A screenshot of a digital document, likely a PDF or a web-based presentation, showing the table of contents for the ENDA 2022 conference. The page has a dark header with the text "ENDA 2022 - Íslab ENDA Góross" and a dark footer with navigation icons. The main content area is titled "Environmental Changes – Leadership Challenges". Below the title, there is a short introduction and a photo of a woman, identified as Helga Ingibjörg Ólafsson, PhD, RN, from the University of Iceland. To the right of the introduction is a large, detailed table of contents listing numerous sessions and topics, such as "Programme", "Therapy, September 1st", "Leadership, September 2nd", and "Research, September 3rd". The table of contents is organized into several columns and includes session numbers, titles, and descriptions.

Characteristics of a successful remote leadership

032

Features of nurses' intentions to return to work in healthcare

019

Social humanoid robots as caregivers: a complement or a colleague?
